

Call for Papers

Int. J. of Computational Economics and Econometrics (IJCEE)

ICOAE2018: Special Issue on: "Applied Economics"

Guest Editors:

Prof. Nicholas Tsounis, Prof. Aspasia Vlahvei, Western Macedonia University of Applied Sciences, Greece

The special issue aims at promoting a quantitative examination of current economic issues and policy analyses. Its objective is to stimulate and promote discussion pertaining to econometric research in the fields below. The target group is scholars from the international academic community and research students using econometric methods for analysing issues on all areas of economics.

The Guest Editors will be inviting substantially extended versions of selected papers presented at the [International Conference on Applied Economics \(ICOAE2018\)](#) for review and potential publication, but are also inviting other experts to submit articles for this call.

Subject Coverage

Suitable topics include, but are not limited, to the following:

- Applied macroeconomics
- Applied monetary economics
- Applied financial economics
- Applied agricultural economics
- Applied international economics

Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. (N.B. Conference papers may only be submitted if the paper has been completely re-written and if appropriate written permissions have been obtained from any copyright holders of the original paper).

All papers are refereed through a peer review process.

All papers *must* be submitted online. To submit a paper, please read our [Submitting articles](#) page.

Important Dates

Manuscripts due by: *28 February, 2019*

Notification to authors: *30 June, 2019*

Final versions due by: *31 October, 2019*
